

To join 4-H:

- Children in K-2nd grade may join a special club just for them - Cloverbuds! A child at least eight years of age **and** currently in the third grade may join a traditional 4-H community club. Any youth age 9 or above, is eligible for project membership, regardless of grade level. 4-H membership ends December 31 of the year in which an individual attains the age of 19.
- Choose a club which meets in your area, a club your child's friends are in, or call the Extension Office for more information on the various clubs in the county.
- Contact the club advisor whose name and phone number are listed in this brochure. **Kids may join 4-H at any time, however, to participate in the Holmes County Fair, they must be enrolled by April 1.**
- 4-H membership develops skills and knowledge kids need to succeed! There are over two hundred projects to choose from and summer is full of exciting experiences in 4-H! Many 4-H clubs take special trips and the OSU Extension Office sponsors activities for members and families.
