

# OPENING AN EXISTING FAMILY PROFILE

## RE-ENROLL IN 4-H

If you have already been enrolled in 4-H, you already have a 4-H online family profile. You can access your account by following the directions below.

1. Go to [www.oh.4honline.com](http://www.oh.4honline.com)
2. Enter your email address (login) and password, then click "Sign In" to open your account

**Note:** If you do not remember the password associated with your family profile, you can use the "Reset password" function at the bottom of the screen. A temporary password and instructions will be sent to the email address associated with your family account.

If you do not remember the email associated with your family profile, contact your local 4-H office. The 4-H Online Manager can confirm or change the email address in your family profile. If you change the email in your family account you will need to reset your password before logging in.

**Remember:** Your family profile must be associated with a valid email address. This will be your log-in and you will receive 4-H Online communications at this address. It is also the email address where a password reset will be sent.

Once you have logged in to your family profile, you may review the Member List, add new family members if necessary, and complete 4-H enrollment and registration actions.
