Ohio State University Extension provides many free publications in electronic format as well. To find University and Extension research based fact sheets, simply type what you are looking for into your internet browser and add “university extension” to the end. Example: grape production university extension. This will get you researched based materials on grape production. You can also add Ohio State if you just want publications from OSU. Visit [http://ohioline.osu.edu/](http://ohioline.osu.edu/)

Please contact the OSU Extension Office to check for availability of publications, as they may not be in stock. If publications need to be ordered, please allow ten days.
