

Holmes County 4-H Important COVID-19 Updates

As of April 3, 2020, 11:00 AM (information is subject to change based on updates the 4-H program is receiving daily.)

The Ohio State University and Ohio 4-H's response to COVID-19

As you may be aware, The Ohio State University has announced the suspension of face-to-face instruction of lectures, discussion sections, seminar, and other similar classroom settings and has moved to virtual instruction effective immediately and through at least May 15. Based on these guidelines, we have decided to postpone, cancel, or move to zoom several upcoming meetings and events.

One of the best ways to prevent the spread of viral illnesses is to minimize the circumstances in which individuals might interact and transmit the disease.

The safety of our community is our top priority. We realize that our COVID-19 policy guidelines will cause disruption, but the risk of not acting outweighs the inconvenience of these temporary measures. We will share updates as more information becomes available.

Holmes County 4-H Scheduled Changes
